

## INDIVIDUAL AND FACE to FACE:

**DESK TOPS:** rectangular or with wave shape. Melamine of 25 mm thick with 2 mm edges around the entire perimeter. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak. Top is joined to panel leg with screws.

### FRONTS:

**Front melamine screen:** rectangular shape. Melamine of 19 mm thick with 2 and 0,8 mm edges. Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

**2 level screens:** rectangular shape. Melamine of 19 mm thick with 2 and 0,8 mm edges. Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

- Melamine bottom level (Height 880) + top level with fabric from series 1 or 4.
- Melamine bottom level (Height 880) + top level with acoustic panel with fiber board (3,2 mm) covered with foam in both sides (density 60kg/m3) of 8 mm thick upholstered in Serie 1 or 4 fabrics.
- Methacrylate not available.

### SIDES:

**Single:** rectangular panel or one round edge of 150 mm radius. Melamine of 25 or 19 mm thick with 2 and 0,8 mm edges. Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

**FACE to FACE:** two round edges of 150 mm radius. Melamine of 25 or 19 mm thick with 2 and 0,8 mm edges. Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

**2 level single:** rectangular panel or one round edge of 150 mm radius. Melamine of 25 mm thick with 2 and 0,8 mm edges.

**2 level FACE to FACE:** two round edges of 150 mm radius. Melamine of 25 mm thick with 2 and 0,8 mm edges.

Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

- Melamine bottom level (Height 880) + top level with fabric from series 1 or 4.
- Melamine bottom level (Height 880) + top level with acoustic panel with fiber board (3,2 mm) covered with foam in both sides (density 60kg/m3) of 8 mm thick upholstered in Serie 1 or 4 fabrics.
- Melamine bottom level (Height 880) + top level 6 mm clear methacrylate.

### LINKING BRACKETS:

**Screen bracket:** assembly with aluminium brackets made of cold rolled sheet 5 mm. Finishes with epoxy paint silver (RAL 9006), white (RAL 9016) or graphite (RAL 7022).

## CLUSTER OF 5 OR 7 PLACES:

**DESK TOPS:** trapezoidal shape. Melamine of 25 mm thick with 2 mm edges around the entire perimeter. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak. Top is joined to panel leg with screws.

**FRONT:** Made of cold-rolled sheet DC01 of 1.2 mm. Finishes with epoxy paint silver (RAL 9006), white (RAL 9016) or graphite (RAL 7022).

### SIDES:

**Single:** rectangular panel or one round edge of 150 mm radius. Melamine of 19 mm thick with 2 and 0,8 mm edges. Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

**2 level single:** rectangular panel or one round edge of 150 mm radius. Melamine of 19 mm thick with edges of 2 mm and 0,8 mm around the perimeter. Height 1400 and 1210mm. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

- Melamine bottom level (Height 880) + top level with fabric from series 1 or 4.
- Melamine bottom level (Height 880) + top level with acoustic panel with fiber board (3,2 mm) covered with foam in both sides (density 60kg/m3) of 8 mm thick upholstered in Serie 1 or 4 fabrics.
- Methacrylate not available.

**UPPER COVER:** Melamine of 19 mm thick with 0,8 mm edges around the entire perimeter. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

**TOP LINKING BRACKETS:** assembly with aluminium brackets made of cold rolled sheet 5 mm. Finishes with epoxy paint silver (RAL 9006), white (RAL 9016) or graphite (RAL 7022).

## ACCESSORIES:

**Melamine cupboard:** door, one shelf, sides, back panel, top and bottom Melamine of 19 mm thick with 0,8 mm edges around the entire perimeter. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak. Fix with screws on the desk top.

**Cable tray:** made of cold rolled sheet DC-01 of 0,8 mm. Finishes with epoxy paint silver (RAL 9006), white (RAL 9016) or graphite (RAL 7022). Fix with screws on the front panel.

**CPU:** made of cold rolled sheet DC-01 of 0,8 mm. Finishes with epoxy paint silver (RAL 9006), white (RAL 9016) or graphite (RAL 7022). Fix with screws on the front panel and side panel.

**Top shelf:** rectangular shape. Melamine of 19 mm thick with 0,8 mm edges around the entire perimeter. Available finishes: graphite, silver, white, grey, beech, maple, pear, wengue, light acacia, dark acacia, zebrano, oak or dark oak.

**Brackets for top shelf:** assembly with aluminium brackets made of cold rolled sheet 5 mm. Finishes with epoxy paint silver (RAL 9006), white (RAL 9016) or graphite (RAL 7022).
