CARE INTRUCTIONS

Clean the table and its components with a soft cloth and neutral detergent.

RECYCLABILTY AND TOXIC MATERIALS

This table does not contain any toxic material and its components are recyclable.

MATERIALS:

- 36% of this table materials are recycled.
- Desk packaging consists of cardboard only.

PRODUCTION:

- Components and manufacturer packs are optimized to avoid chipboard remnant waste.
- Glues are not used. Assembly is mechanical.
- Production processes are optimized using fewer natural resources.

SHIPPING:

- Desk is packed with three flat packs to reduce gaps in load.

USE:

- Modular range with many complements: it is possible to extendend or modify the table shape without replacements.
- All kind of replacements are available. It is the better way to repair damage parts of the desk and prolong its utility.
- User document can be downloaded from www.mobellinea.es clicking on Eco Design link.

END OF LIFE:

- Desk is recyclable in a 98%.
- All the components can be disassembled easily and treat them separately for its recyclability.
- Desk packing materials are 100% recyclables.
- Different components can be checked in the materials' recycle document in www.mobellinea.es clicking on Eco Design link.
